

|| The past few years have brought unexpected challenges, but thanks to the support of the MSP community, we are **still going strong**, and our thoughts turn gratefully to those who have made our success possible.

**We hope to continue our journey with you and that you will enjoy reading our ventures below for 2022.**

- A word from our President

## 2022 in numbers

 **723** Children tutored since inception

 **90%** Of our students passed their class in June 2022

 **6** Hospitals covered

 **11** Teachers

 **36,800** Hours of tutoring

**CHECK OUT OUR AUDITED REPORTS**

## What is new?

- New school opened in April 2021 at LAU Medical Center Rizk Hotel, Beirut

- Launch of the new website [click here](#)
- Launch of the new identity [click here](#)
- Support the families of the sick children more holistically: supply of electronic hardware for online teaching, and expanding our art therapy and psychological support to the children

-  Partnership with Yafa Foundation (Yafa Foundation is an endowment granting charity with a vision to support a broad range of initiatives, institutions, and individuals that enrich and empower communities in Palestine, Jordan, and Lebanon)

- Collaboration with Beit el Baraka that offered all the MSP children school supplies

## Our Latest events

- **Online Art conference**  
Sculpture in the 20th century.
- **Pulse 5K, August 7<sup>th</sup> 2022**  
952 participants from all over Lebanon. [click here](#)
- **Participation in the BMA Nov 13 race**  
MSP supporters ran the 5K Run for a Cause

## A word from our parents

|| Jean Marco is back to school now, but MSP is helping with the transition. Thanks to MSP's support, Jean Marco is progressing well in school. During his illness,  
**10 years old Jean Marco's mother - NDS**

|| She always for her lessons with MSP and her art therapy sessions. She was never behind in her studies thanks to the diligence of her teachers and has good grades in school. MSP has also helped her choose her future career thanks to their guidance.  
**16 years old Jinan's mother – NDS**

|| My child always feels there's another school in her life. MSP has helped her with memorizing letters and numbers and to improve her pronunciation  
**7 years old Zahraa's mother – HDF**

|| Before MSP, we hired a tutor with no success. MSP helped him to adapt to a new way of schooling and to expect quality time at the hospital.  
**5 years old Peter's mother – SGH**
